LYTTON HOPES FOR WORLD SUPPORT OF MANCHURIA PLAN

"BLOODY GROUP" ACTIVE IN PEKING.

**Clothing Store Wrecked By Bomb;
Two Injured.**

Peking, To-day.
Another bombing incident occurred here yesterday evening when a clothing store in the East City was wrecked by an infernal machine which was tossed into the shop from a passing motor-car by a well-dressed Chinese youth.

Two employees of the shop were injured. It is believed that the outrage was committed by a member of the local "Bloody Group."—Reuter.

CREW STILL ABOARD AS SHIP CRACKS

**Naval Vessels Cannot
Effect Rescue.**

S.S. CHUSAN'S FATE.

Big seas rendered it impossible for British naval ships to take the shipwrecked crew of the B. and S. steamer Chusan, off Outer Island, but radio messages received at the Naval Wireless office here, state that the men are in no danger. From the same source it is authoritatively learned that the ship, which was wrecked on Saturday night, is now a total loss, having been completely broken up by huge waves.

Those who were on the ill-fated coaster when she ran aground are thought to be Captain G. A. Evans, Mr. F. Kelly, Chief Officer, Mr. G. N. Baker, Second Officer, and three European Engineers.

The Chusan was built by Scott's, of Greenock, for the China Navigation S.S. Company in 1914. She has a gross tonnage of 2,217 tons and is fitted with wireless.

BRITISH MARKETS IRREGULAR.

**Australia Profits By
Ban Removal.**

LOAN CONVERSION.

London, To-day.
British Stock markets were rather irregular yesterday, due to scattered selling.

British Government Stocks generally receded one-eighth to a quarter, with War Loan Bonds 100%.

Australian bonds were firm, with the coming of the New South Wales Conversion Loan. The Australian Government is the first borrower to take advantage of the removal of the ban on new capital issues and underwriting was yesterday in progress for the issue of Five Year 8½ per cent bonds at 97½.

The proceeds will be used to repay \$12,500,000 of the New South Wales 5½ per cent loan, which matures November 1, and the amount of the new loan will be limited to the amount required to repay the old.

LINCOLNSHIRE UNIT ARRIVES IN HONG KONG

**Famous Regiment In
Quiet Debarkation.**

RICH IN TRADITION.

Through warm in his praises of the hospitality and sociability of the Shanghai residents, Lt. Colonel E. J. de C. Boys, Officer Commanding the 1st Battalion of the Lincolnshire Regiment does not favour the city as a military station.

"Individually I think it is a fine place, but for a young soldier, and most of my men are young, it has too much night life and insufficient scope for military operations and training."

"For soldiering I prefer a place like Hong Kong, where the men can get plenty of fresh air and space, and where there are not too many cabarets."

A widely travelled man, Col. Boys says that he has not been in any country yet to compare with England. The stay in Shanghai, he said, had been very enjoyable, and the hospitality unbounded.

"As a station for troops, however, I am not so enthusiastic about it. There, one is situated in a great city, with very little countryside for the practice of field tactics that are so necessary to the present day armies, and again the young fellows are inclined to devote the greater part of their time to dancing and enjoyment. Not that I'm a kill-joy, but one gets rather too much of night-life in Shanghai. I cannot say that it is an ideal military station," he concluded with a smile.

Desirable Billet.
"Here in Hong Kong I believe things are different," he said, "and my men, most of whom are very young, will get all the fresh air and outdoor life they require. I have

57 NATIONS IN THE LEAGUE.

**Iraq Admitted By
Assembly.**

London, To-day.
At Geneva yesterday the League of Nations Assembly unanimously granted the application of Iraq to become a member of League. In offering congratulations to Nuri Pasha, Iraqi Premier, the British Foreign Secretary, Sir John Simon, mentioned that Iraq was the first of the Mandated Territories to be welcomed, adding that: "One of the oldest nations in history becomes the newest in our ranks."

Iraq is the 57th member of the League.—British Wireless Service.

LONDON FIXED AS VENUE FOR GREAT PARLEY

**All States Invited To
Economic Conclave.**

INFLUENCE OF EMPIRE.

Geneva, To-day.
The World Economic Conference will be held in London on a date not yet fixed.

The Organising Committee has decided to invite Russia, Hedjaz, Egypt, Ecuador, Iceland, Brazil, Costa Rica, Afghanistan and the Free City of Danzig, as well as the states which are members of the League of Nations, and the United States.

Thus, British soil will be the birthplace of the second great economic Conference of the year, and probably the greatest ever known. Having set an example to the world with the accomplishments at Ottawa, British interests will be amongst the foremost in discussion at the London Conference and observers intimate that the Empire delegates will wield a greater influence because of their own unity, achieved at the Imperial Parley.

The possibility of the Conference endeavouring to find some other basis than gold for a world exchange medium, many believe almost certain. The difficulty in finding markets in silver standard countries for products of gold standard industries, is admittedly great. This, and a hundred other related problems, will face the economic wizards of the nations in London.—Reuter.

Preliminary Meeting.

London, To-day.
The League of Nations Council's Organising Committee for the World Economic Conference to-day decided that the Conference should take place in London, but no date has been fixed. A Preparatory Commission will meet at Geneva on October 31.—British Wireless Service.

BRITISH NAVY PRAISED FOR EARTHQUAKE RELIEF.

**Greek Premier Eulogises
"Priceless Service."**

London, To-day.
The Greek Premier, Mr. Zalmis, replying to a message of sympathy with the Greek people during the earthquake sufferings, sent by H.M. King George, expresses, on behalf of the Greek people deep gratitude for the "priceless and highly efficacious services" rendered by the British Navy in the devastated districts.

All the Greek newspapers join in the fervid praise of the help which the British Fleet has been giving.—British Wireless Service.

JAPAN'S GOOD WILL MISSION TO AMERICA CANCELLED.

**Admiral Nomura's Injury
Prevents Attendance.**

Washington, To-day.
The Japanese Good Will Mission to the United States, which was to have been headed by Admiral Nomura, will not eventuate.

This report was given out to-day by the Japanese Embassy. The eye injury sustained by Admiral Nomura in the bombing outrage in Shanghai on April 29, is given as the reason for the cancellation.—Reuter's American Service.

CHAPAI LOSSES CAUSE CLAMOUR FOR INSURANCE

**Demonstration Spoiled
By Police Squad.**

SERIOUS CLASH AVERTED.

(From Our Own Correspondent.)

Shanghai, To-day.
An indignation parade of fire insurance policyholders in connection with property destroyed in the Chapei hostilities was prevented in the nick of time by a reserve police unit which intervened and dispersed the demonstrators without serious trouble outside the offices of four insurance companies.

The abortive demonstration was the result of deliberations of Saturday, at which direct action was advocated in order to force the companies to satisfy a portion of the claims. Banners and badges were prepared and all was ready for distribution when the 500 policyholders gathered at the Temple of the Queen of Heaven. But the police persuaded the assembly to disperse.

In small crowds the intending demonstrators had planned to lay siege to the insurance companies, by squatting on their doorsteps and taking possession of the premises until their claims were met. Meanwhile, intensive propaganda is continuing, directed against the goodwill of the companies. Assistance is being solicited from public bodies, in the direction of inducing business concerns to close their establishments as a protest.

Property damage in Chapei runs into many millions of dollars.

EUROPEAN CAPITALS REMAIN SILENT

CHINA PRESS CRITICAL OF FINDINGS

"REPORT INADEQUATE"

OFFICIAL SILENCE IS BEING MAINTAINED IN EUROPEAN CAPITALS WITH RESPECT TO THE LYTTON REPORT, AND NEITHER COMMENDATION OF PRINCIPLES INVOLVED IN IT OR CONDEMNATION IS GIVEN BY OFFICIAL CIRCLES. HOWEVER, THE STATESMANLIKE QUALITIES OF THE DOCUMENT ARE PRAISED BY LONDON AND PARIS COMPLEMENTS LORD LYTTON ON THE CONSCIENTIOUS QUALITY OF HIS WORK.

Lord Lytton himself, who arrived in London to-day, is hopeful that the world will receive the League of Nations Commission's suggestions in a different manner than that in which Tokyo has greeted them.

Local Chinese opinion, while not unanimous, is mildly hostile to the Report.

London, To-day.
Lord Lytton arrived in London and was welcomed by Viscount Knebworth, and a representative of Sir John Simon.

Interviewed by Reuter, he said it was obvious to anyone reading the Report that the Commission was actuated by a desire for peace, rather than concerned in assessing the blame, and hoped the rest of the world statesmen, the League and the Press would follow the lead given by the Report.

Lord Lytton was not surprised at reports of Japanese opinion, that the establishment and independence of Manchukuo rendered the Japanese acceptance of the Report's suggestions impossible, and said that the fact was made clear to the Commission by Tokyo. But it remained to be seen whether the rest of the world would accept Japan's premises. He could only say that he hoped the material to be found in the Report would allow China and Japan to build peace for the future.—Reuter.

Need of Study.
While the Lytton Report at first glance is evidently a most able and comprehensive document, there is the greatest reluctance in the best-informed British political circles to offer any detailed comments. It is pointed out that hitherto only press summaries have been available for consideration and considerable time will be necessary to study the full official version and before any detailed criticism can be offered. Moreover, it will be necessary not merely to consider the individual proposals but gauge the report as a whole, in order to estimate its proper proportions.

Furthermore, the position of the British Government is that it is definitely not prepared to offer any criticism or opinion until the matter is brought before the League of Nations in November.

"On the whole, a very statesmanlike report" sums up the opinions of well-informed Chinese circles in London, who believe the Lytton Commission conscientiously handled the most difficult task.

Regarding the recommendation for the appointment of a substantial number of Japanese among the projected foreign advisers in Manchuria, it is felt that such a preponderance of Japanese would be most distasteful to China and render the report's recommendations difficult to fulfil.—Reuter.

France Is Silent.

Paris, To-day.
French official circles, while praising the clarity of the Lytton Report, do not venture an opinion upon it. It is pointed out that the French Government naturally places complete confidence in the report and does not intend to disavow its nominee M. Claudel.—Reuter.

Berlin, To-day.
Whilst the Left Radical Democratic papers refrain from commenting, the Nationalist press finds no good word for the Lytton Report, which is described as "out of date and outdistanced by facts."

Deutsche Zeitung says it is another League of Nations scandal and a valueless document. Kreuz Zeitung, as well as others, regrets that the long-winded phrases were drawn up in the spirit of the League and signed also by German representatives. "Especially at a time when our relations with Geneva before long will have reached a critical stage" and adding, "There is no reason to believe the League will find strength to act energetically. More serious than the League's decisions are the intentions and preparations of America and those great powers co-operating with America, which doubtless are watched with misgivings in Tokyo."

—Reuter.

POLAND RE-ELECTED TO COUNCIL.

**Three Non-Permanent Seats
Filled.**

London, To-day.
The League Assembly yesterday afternoon elected three non-permanent members of the Council. Poland was re-elected with 41 votes out of 51, and the two non-permanent seats were filled by the election of the Netherlands and the Netherlands Indies.

DE VALERA MAY PICK HIMSELF FOR GOVERNOR

**Sensational Political
Developments.**

MR. McNEIL RESIGNS.

London, To-day.
The news of the retirement of Mr. James McNeill, Governor of the Irish Free State, has caused consternation in constitutional circles in Dublin.

Free State Government circles state the path is now clear for the re-opening of the Land Annuities negotiations, to which the Free State is reported to have made the removal of Governor McNeill a first condition.

Mr. De Valera.

It is believed that Mr. de Valera is likely to appoint himself as Governor-General, as well as President.

Mr. McNeill's retirement was no surprise to many, for it had been threatened by him during his quarrel with Free State Ministers who refused to recognise his authority and position.

During the recent visit to Dublin of the Papal Legate, the Governor-General was not invited to the official reception and he was pointedly insulted by Ministers who ignored him. At that time he demanded an apology, or else, he said, he would resign.—Reuter.

De Valera Silent.

Geneva, To-day.
Mr. Eamon de Valera left for Dublin to-day. He returns to Geneva in November to preside at the Council of the League to discuss the Lytton Report.

(Continued on Page 2.)

CLOSER UNITY IN CHINA SEEN.

**South-Western Council
Is Reported Abolished.**

(From Our Own Correspondent.)

Canton, To-day.
It is reported here in reliable circles that the Central Government has ordered the abolition of the Southwestern Political Council and the establishment of a Military Council in its place.

Officers, including General Chan and General Lee Chung-ying, have been appointed already. It is understood.

The official announcement of this policy is anticipated for October 10. It is not expected that there will be any opposition to this move on the part of General Chiang Kai-shek, who is the dominant figure in the new military government.

SINCERE'S BARGAIN WEEK SUCCESS.

"Chain" Sale To
Continue.

SILK BARGAINS.

Sincere's "Chain" sale, which has been in progress since September 24, has proved an enormous success. Sale records have been well above the average and the attendant crowds testify to the increasing popularity of this bargain week.

Although everyone is familiar with Sincere's campaign, the idea of a "Chain" sale is something new and perhaps needs a little explanation. Each department represents one link of the chain and the main object of the scheme is to link up the various departments so that patrons benefit throughout the entire store, at the same time permitting each department to enjoy special prominence at some period during the sale. During the past week bargain prices have been confined to the ground floor. Special reductions and numerous attractive lines have been offered and as an added inducement to people to patronize the chain, coupons entitling them to 10 per cent. discount on any article sold elsewhere in the store have been given with each purchase. Thus customers purchasing at the Sale departments, not only receive excellent value for their money, but gain on every purchase they make elsewhere in the store.

Modern Swatow Undies.

The scheme during the forthcoming week, on the second floor. Many new and attractive lines have been introduced to this floor. Special mention should be made of the selection of satin and silk pyjamas and underwear which has just been received from the factory. Gift season is not so far away and it is not too early to think of friends abroad. The coming week will provide an excellent opportunity to choose these gifts from a good selection and secure attractive prices. The sets are beautifully trimmed in net work, applique and hand embroidery and are cut on modern lines. Many people have admired the beauty of Swatow needlecraft, while lamenting the old fashioned cut of the garments. Now they will be pleased to learn that same can be procured in modern designs. A wide range of silk, cotton and seasonable materials will be displayed in the main window by the entrance to the store.

KEEPING BRUSHES STIFF, FIRM.

Careful Treatment
Necessary.

After washing, the bristles of hair-brushes frequently dry limp instead of stiff and firm as they were originally. Hairbrushes and clothes-brushes should never be washed with soap, as it tends to soften the bristles and make them sticky.

A more effective method and one which has the advantage of keeping the bristles crisp, is to use soda water. Dissolve a small piece of soda in a little warm water, just enough to cover the bristles of the brush without touching the back and handle. Place the brush in the water and leave it to soak for a few moments. The brush will become clean quickly if treated in this manner, and if allowed to dry out of doors will come up stiff and firm.

Swimming Pupils Paid Way To Girl's Operatic Success

Cincinnati critics are declaring that the summer season's operatic "find" is a coloratura soprano, Amri Galli-Campi, petite New York girl, who taught others to swim that she might learn to sing.

Virtually an unknown, she made her American debut in Mozart's "Magic Flute" at the zoo opera here.

She sang her arias as "Queen of the Night" in the original, difficult key, striking it above the normal soprano register. Her next appearance brought the first sell-out of the zoo's opera season.

Cincinnati's critics acclaimed her voice "phenomenal" and possessed of "absolute tonal purity and unwavering pitch."

Yet she refused to accept the

first curtain call Cincinnati gave her.

There was a possibility, she said, that the audience merely was being polite. The cast included Metropolitan and Chicago opera stars, and the applause must be for one of them, she thought.

Still in her early twenties, Amri Galli-Campi began singing in childhood. At 12 she was a church choir soloist. Later she earned money for musical training by teaching swimming and then went abroad. She sang in opera there, but her appearance here was her first American operatic engagement.

Her repertoire includes every aria written for coloratura sopranos. She speaks six languages.

"MERRILY WE GO TO HELL"—KING'S THEATRE.

Sylvia Sydney and Fredric March are the featured leading players in "Merrily We Go To Hell," Fox's dramatised version of Cleo Lucas' popular novel "I, Jerry, take thee, Joan." Edwin Justus Mayer directed.

March is seen as a brilliant, but irresponsible newspaper reporter, who falls in love with Miss Sydney, the daughter of wealthy parents. She marries him, in spite of family objections. She then finds that she has to check her own headstrong course to keep her husband from utter dissolution. March loses his job, but is successful with a play. He celebrates so disgracefully that she leaves him, Adrienne Allen, a former college sweetheart, being one reason.

The simple story is made realistic through good acting on the part of all concerned. March, who rose to stellar heights in "Dr. Jekyll and Mr. Hyde" is admirable. Recommended!

MAIL REVIEW

"NOVELTY PROGRAMME"—QUEEN'S THEATRE.

The Metro-Goldwyn-Mayer novelty programme, which is being offered now at the Queen's Theatre, is drawing crowded houses to every performance. Such a change is truly welcome, and more offerings of this nature, will certainly brighten local entertainment considerably.

Of special interest in the programme is the first-pictures of the Olympic Games at Los Angeles, this being followed by "Sharks and Swordfish" a novel featurette. "Mexicana" an all-colour revue is also offered, and the programme is well-balanced by two excellent comedies, Charlie Chase in "One of the Smiths" and the popular pair, Stan Laurel and Oliver Hardy, in "Chickens Come Home." Certainly, well worth seeing!

"OVER THE HILL"—ORIENTAL THEATRE.

James Dunn and Sally Eilers, the love team of "Bad Girl" are starred in Fox's production "Over the Hill" the current attraction at the Oriental Theatre. Although it is the film's third local release, it is, nevertheless, well worth seeing.

A human plot-rings through the story of a mother who sacrifices all for her sons. When they are grown up men, only one, Dunn, has love for the aged mother. Another son, played by Edward Crandall, is very religious in his young days, but turns his mother to the workhouse later. James Kirkwood does good work as the father.

"BEYOND VICTORY"—GARDE THEATRE.

On its third local release, RKO's great war drama, "Beyond Victory" is the current attraction at the Garden Theatre, at Wanchai. Bill Boyd and Marian Shilling appear opposite each other in the leading roles. There are many exciting scenes in this production.

"COCK OF THE AIR"—CENTRAL THEATRE.

Unlike his gentleman crook roles, Chester Morris, is seen as a romantic young aviator in Howard Hughes' special production "Cock of the Air" now playing at the Central Theatre, where it is having its initial screening locally.

Billie Dove, filmdom's most beautiful woman, is seen opposite Morris, who portrays the role of a young and dashing American aviator, and acquires himself with credit. He gives the finest performance of his career.

Matt Moore, Walter Catlett and Yola D'Avril appear in support. Recommended!

"CAUGHT CHEATING"—MAJESTIC THEATRE.

Charlie Murray and George Sidney, the inimitable comedy pair, whose appearance together on the screen always spells laughter, embark on a "stepping out" trip in their latest comedy hit "Caught Cheating" now playing at the Majestic Theatre. Both fall for two pretty gold-diggers, and the result is—loads of laughter!

MAIL REVIEW

"TELL ENGLAND"—STAR THEATRE.

An epic, depicting with stark realism the disastrous landing at Gallipoli, "Tell England" one of the greatest of all films, is now showing at the Star Theatre, and is a film that must be seen. The Admiralty assisted greatly in perfecting this masterpiece, and General Sir Ian Hamilton appears in this original commanding role of the Allied Forces at Gallipoli. Carl Harbord and Fay Compton head a powerful cast.

AUSTRALIAN FILMS

SERIES SCREENED AT KING'S

A series of Australian films, which will give Hong Kong audiences its chance of learning something about Australia, are now being shown at the King's Theatre. The first of the series is entitled "Australia Pays," and depicts her gold mines which have been the source of great wealth. From Kalgoorlie, in the west to Charters Towers in Queensland, gold has been found at frequent intervals.

The six pictures which comprise the series, provide much education, entertainment and artistry. Worth while seeing!

it plain that it would have welcomed Italian visitors in any case, even if they had not proved to be formidable athletes. The moral of his story is that it is a mistake to be ashamed of looking like a tourist. The English instinct to keep the guide-book out of sight had something to be said for it in earlier days. But now it is better to be exposed to the touts than to arouse the suspicion that you have come to settle and to compete for what employment there may be. It is a difficult position, because tourists do not like to flaunt their solvency when it is already assumed by innumerable souvenir merchants, and yet poverty suggests a readiness to settle and earn which renders a man odious. The English tourists in Portugal whose casual clothes have just been criticised by English residents may well wonder whether they do a service to their country by a vagabond appearance which suggests that they come from a needy country and that they are themselves deportable material. All countries are now laying themselves out for tourists and shutting their doors to aliens. It has become more than ever necessary for officials to learn how to judge by appearances, and it might be good policy for secret residents in somebody else's country to wear the dark glasses and Baedeker and the other accoutrements of the restless visitor, just to give the impression that they would soon be off of their own accord. But perhaps they need no trouble, for there has never been a time when it was so easy to wander about the world and be hastily handed on from Government to Government as in some parlour game. Shipping companies advertise cruises to last for months and to remain as life-time memories. But more than one vessel has now been wandering between Europe and North or South America at a trifling cost to passengers whom all Governments are equally resolved to reject. The kind of life that a vagrant led between English villages under the old Poor Law of a hundred years ago can be repeated on an international scale to-day by anybody who can once get started, and those who are not sensitive find a mere threat to reside sufficient inducement for their hosts to make the greatest trouble to smooth and expedite their travelling arrangements.

NO LONGER ISOLATED

The inhabitants of that archipelago of "sea-grown mountains" which constitute Europe's western-most outpost and appear on the map as a cluster of nine dots have just honoured the finder of them.

The celebration on August 15 was in honour of the 500th anniversary of the discovery by a Portuguese mariner named Goncalo Velho Cabral, who is not to be confused with the Cabral who planted Portugal's colours in Brazil.

In 1432 this Cabral was sent out into the western unknown by Prince Henry the Navigator, father of modern exploration, who had gleaned from an old Arabic map a hint that there were islands somewhere in the Atlantic.

Cabral, carrying out instructions, finally stumbled upon a small isle, the southeasternmost of the group, which he christened Santa Maria. It took nearly two years to discover the full nine, as they are quite scattered. One in particular, Pico, must have been rather a surprise, as it is to travellers on the southern route. Pico consists exclusively of a cone rising sensationally out of the bosom of the

company maintains its staff in a dormitory and cottage community—is that so much goes through Horta and so little ever happens there. Indeed, one gathers that, with all due respect, to quaintness, native costumes, and flowers, the three years which a cable man has signed up for when he goes there can seem considerably longer than the 12 mile island he spends them on, surrounded by the Atlantic, especially if he be (as most of them are) British or American.

It is surprising, though, how many people in the Azores speak English—how many of the "quaint natives" encountered will ask how things are, nowadays, in Connecticut or New Jersey.

The fact is that of a total population of 232,000 more than a third have been in the United States at some period of their lives; and those who had good luck have brought back American motor cars, of which there are more than 900 on the island of San Miguel alone. Many of these repatriates were industrious "Portygees" on Cape Cod, or textile hands in New Bedford and Fall River. And some of

GILLOTT-WOODHOUSE.

A wedding of local interest took place yesterday afternoon at St. John's Cathedral between Mr. Albert Gillott of the Prisons Department and Miss Maude Elizabeth Woodhouse, the Very Rev. Dean Swann officiating.

The bride was attended by four little bridesmaids, the Misses Ursula Woodhouse (niece of the bride), Pauline Buchanan, Hazel Merriman (godchild of the bride-groom) and Mary Fitz-Gerald.

Mrs. Andrews, sister of the bride, performed the duties of Matron of Honour.

A reception was afterwards held at the residence of Mrs. Andrews, 15, Bowen Road, a large number of friends attended.

Inaugurated By Night Of Revelry.

The Special Dinner Dance which was featured at the Repulse Bay Hotel, last Saturday night on the occasion of the re-opening of the Ball Room for the Winter season festivities, was well attended and afforded a very enjoyable evening for the distinguished gathering, numbering about 150 persons, including residents of the hotel on their guests.

Another of these special functions will probably take place on Saturday, November 5, which will be definitely announced in the course.

TEXTILE MEN VOTE TO KEEP OLD CUSTOMS

Meet Objections Of
Chinese Buyers.

AFTER LONG RESEARCH.

A largely attended meeting of textiles importers of the Colony, held in the offices of the Hong Kong General Chamber of Commerce last night, approved a revised contract between importers and Chinese dealers, following representations by the Chinese Piece Goods Guild that the contract in force since 1922 required amendment. The Piece Goods Sub-Committee reported to the meeting that the most important point of divergence between the Guild and the Committee of the Chamber concerned buying for "arrival" or for "shipment." The meeting voted to retain the old system of sales almost unchanged.

The Chairman of the Chamber (Mr. J. A. Plummer) presided and was supported by the Vice-Chairman (Mr. T. H. R. Shaw) and the Chairman of the Piece Goods Sub-Committee (Mr. P. S. Cassidy).

The Chairman said:— "You will remember that at that meeting you approved the appointment of a small committee 'to consider, and if found advisable to revise, the Chamber's Standard Form of Fancy Piece Goods Contract, with a view, if possible, to making it a standard for all Textiles.'"

"Such Committee was duly appointed and for the past four months has laboured unceasingly to draw up a contract which would be acceptable to all parties, and I can assure you that it has been no easy matter."

Without going into details of the long discussions which have taken place, I may tell you that the main issue throughout has been the question of buying and selling "for arrival," as against buying and selling "for shipment." The Chinese Piece Goods Guild claimed very strongly that they should buy "for arrival," and that all risks prior to arrival of goods in the Colony should be for account of the Importers. On the other hand, Importers were found to be equally adamant that, in accordance with the general practice, they should only sell "for shipment," as has been the custom for so many years. This, gentlemen, is really the point which you are here to-day to decide, and I might add that your decision in this matter would appear to be one of great importance to the trade in the future.

"The Committee have unanimously decided to recommend that the trade should continue to sell 'for shipment.' But the contract has been tightened up very much in this connection, and we have, I think, successfully combated the main Chinese objections."

LINCOLNS ARRIVE IN HONG KONG

(Continued from Page 1.)

not been here long enough to form an opinion of the place, but it seems to me to be very pleasant and delightful, and more like Home than Shanghai."

Colonel's Long Service.

Colonel E. J. de C. Boys, M.C., Officer Commanding the 1st Battalion, has been with the Regiment for 28 years, joining in 1908. Later the same year, he joined the 1st Battalion at Sekundrabad, in India. After many years of foreign and Home service, Col. Boys was appointed A.D.C. to Mauritius, shortly before the Great War. When the War broke out he left Mauritius to join his Regiment, and saw service at Ypres and along that front. After the War the Regiment was drafted to Ireland, where they were stationed for six years, serving throughout the political troubles in Tipperary, Eniskillen and Belfast. While there the Regiment suffered heavy casualties, one officer being killed and one wounded. Many of the men were also killed and wounded. They left Ireland in 1925 for Aldershot.

Enjoys Sports.

A keen sportsman, Col. Boys is particularly fond of tennis, but admitted to a *China Mail* representative this morning that he was getting "past sports." He has participated in most of the sporting activities carried on by the Regiment but has not played a great deal of golf. He states, however, that he intends taking it up while in Hong Kong. While in Shanghai he played in the Army Tennis League.

Col. Boys' home county is Kent, and his family has resided in East Kent for several generations.

At the outbreak of the Great War, the 1st Battalion embarked for France from Portsmouth with the 9th Brigade of the 3rd Division and under the command of Capt. R. W. Cave-Orme. It distinguished itself in those first days of fighting as it did in later years.

Reminiscent of their landing at Gallipoli during the Great War, the 1st Batt. of the Lincolnshire Regiment, one of the oldest regiments in the British Army, made a silent entry into the Colony yesterday evening. No bands and gay flags marked their coming, and many who waited to see them march to the barracks, waited in vain. The 750 officers and men were conveyed by launches direct to Shamshuipo from the H.M.S. Suffolk, which arrived at 2.30 p.m. yesterday.

The battalion, which left Shanghai at 8.30 a.m. on Saturday, enjoyed a perfect trip down, and spoke highly of the hospitality of the Royal Navy. When they left the Northern Port they were accorded an enthusiastic send-off. The Band of the 4th U.S. American Marine Corps playing them out, while guards of honour were formed by members of the Shanghai Volunteer Defence Corps, Russian Section, and of the French troops.

Six New Officers.

Two officers and about 100 men, forming the rear party of the Regiment will be coming on to the Colony later, and six new officers will be joining the Regiment from Home later in the year. These six are Second Lieutenants who have just completed their training at the Royal Military College at Sandhurst. Eighteen of the Battalion's officers are at present in the Colony. The rear-party will follow on the transport s.s. Neudalia, leaving the North on November 14.

In sporting circles the Battalion is well-known, and were within an ace of winning the Shanghai Football League last season. When at the top, the outbreak of trouble stopped all games and robbed them of the honours which they were almost certain to win. They run no Rugby fifteen, but many of the officers are keen enthusiasts and have expressed their intention of participation in the game here. The Battalion have attained fame in Bayonet Fencing, and three times figured in the final of the Inter-Service Championship at Olympia, before leaving Home for foreign service.

Raised in 1685.

The Lincolnshire Regiment is one of the oldest in the British Army, having been raised in 1685, and called the Earl of Bath's Regiment of Foot. In those days it was the custom to name regiments after their Colonel. The original uniform of the Regiment was a blue coat and

red breeches, and they held the distinction of being the only regiment to wear coat of this colour.

First Active Service.

The Regiment saw their first service in the Low Countries under Marlborough in the campaigns which commenced in 1704, and took an active part in the battles of Blenheim, Ramillies, Oudenarde and Malplaquet, which great names are honourably commemorated on their Regimental Colours.

Some time after this, numbers were introduced to designate different regiments and the personal allocation was abolished. Numbered according to their seniority of formation, the Lincolnshire became the 10th Foot. This was again changed in 1782, and territorial titles were added to the number, the Regiment being then called the 10th, or the North Lincoln Regiment of Foot. This title is still borne on the Regimental Colours presented to the 1st Battalion in 1863, which are still carried by the Regiment. A further change was made in 1881, when each regiment was given a territorial designation corresponding to the particular locality with which it was connected, and then the Regiment became the Lincolnshire Regiment.

Previous Service in the Far East. This is not the first time the Regiment has served in the Far East. In 1868 it was transferred from the Cape of Good Hope to Japan to act in the capacity of Legion Guard in Yokohama, and it remained there until 1871. Leaving Yokohama the battalion was divided, headquarters and the right wing consisting of four companies and the Band and Drummers coming to Hong Kong, while the remainder went to Singapore. On November 26, 1873, the headquarters and right wing rejoined the rest in Singapore.

The present Colonel of the Regiment is Major-General C. R. Simpson, C.B., who himself joined the Regiment in 1874 as a Sub-Lieutenant. The Second Battalion of the Regiment is now stationed at Dover, England, and the two territorial battalions, 4th and 6th, have their headquarters at Lincoln and Grimsby respectively.

The Regiment has now completed three of its 21 years overseas service, two having been spent at Gibraltar before coming to China. They arrived in Shanghai from The Rock on November 17, 1931.

During the Great War the number of battalions of the Lincolnshire Regiment was increased to 19, and they saw service in France, Gallipoli and Egypt.

Regiment's Officers.

The Officers now serving with the battalion in China are: Lieutenant Colonel E. J. de C. Boys, M.C., Commanding, Major J. A. A. Griffin, D.S.O. Second-in-Command, Lieutenant F. W. Young, Adjutant, Lieutenant G. H. King, Quartermaster, Major E. H. Impey, M. C. Major H. St. G. Thoyts, M. C. Captain R. W. Cave-Orme, Captain L. C. Crick, M. C. Captain C. Pennack, Captain H. M. ANNUAL PICNIC FOR THE BLIND.

An Appeal Made For Assistance.

The St. Peter's Group of the Victoria Diocesan Missionary Association has, in the past five years, organised, with the assistance of generous friends, a summer picnic for the girls of the Blind Home, Pokfulam. The picnic has taken the nature of a motor ride to Shek O when the girls, generally about 60 in number, are given tea and a useful gift.

It has been decided to follow the same plan this year, the picnic to take place on Saturday afternoon, October 29.

The Committee organising the picnic would welcome the loan of cars or donations. Offers and gifts should be sent to Mrs. F. E. Booker, St. John's Cathedral, or Mr. E. S. Cunningham, c/o Colonial Secretariat.

EUROPEAN CAPITALS REMAIN SILENT.

(Continued from Page 1.)

Chinese Criticism. An editorial in the Hong Kong Daily Press (Chinese) says: The Lytton Commission Report, published yesterday, contains 10 Chapters, each of about 20,000 words in length. The important points are as follows:—

1.—The Report suggests that China should declare the formation of a special Government in the Three Eastern Provinces.

2.—When the new Government is formed, delegates from China, Japan and Manchukuo should attend an arranged Conference.

3.—The signing of a new Treaty and the re-organisation of Manchukuo.

4.—The evacuation from Manchukuo of all military forces, both Japanese and Chinese.

5.—International co-operation to assist in the development of the interior of China.

Dignity Shaken.

Replying, the writer asks why should a special Government be declared in the Three Eastern Provinces, since China has territorial rights there? He states that it will affect the dignity of China's administration, and that China has her own ideas of the political construction of the country. What is the use of an Advisory Board? Has China no Sovereignty? he demands.

The writer adds that Manchukuo was formed by Japan, and is now to be formed by the League of Nations, and can be said to be under international control. The Lytton Report recognises that Manchukuo belongs to China, and so on as the first flicker is seen on the screen that one is in for a good withdrawal from there immediately. Surely China is permitted to station troops in her own territory, he declares.

In short, he states, the principles of the report are favourable to Japan, and if the Chinese Government do not lodge a protest with the League of Nations, then the Three Eastern Provinces are lost to China. He concludes that he has nothing to say if China accepts the proposals of the Lytton Commission.

Manchukuo Disregarded.

Tokyo, Yesterday. According to the Japanese press, Mr. Pao Kuan-cheng, Manchukuo's envoy plenipotentiary to Tokyo, declared that the Lytton report does not deserve the slightest attention, because it entirely disregards the popular will of the Manchurians, who are responsible for the birth of Manchukuo. He said the report did not solve the problem, but complicated the situation.

Mr. Pao concluded by stating that Manchukuo was attaching no importance to the report, as she was firmly determined to push on towards the ideals which established Manchukuo. —Reuter.

Awaits Action.

New York, Yesterday. Washington correspondents say that although the State Department had not commented, it was clearly inclined to throw the influence of the U.S. Government behind the Lytton proposals for a peaceful settlement of the Manchurian controversy.

The report is accepted by Washington officials as a fair and realistic appraisal of the situation and a realistic approach to a solution of admittedly enormous difficulties. It is reliably understood that the U.S. Government is not moving in the matter at present, its position being that an investigation was made by an agency representing a large number of other nations, and the only proper course for the United States is to await the League action.

The New York Times characterises the report as comprehensive, penetrating and impartial. It says it reveals a strong desire for Sino-Japanese conciliation and the co-operation of all Powers in helping China to escape the evils of civil war and establish its own stable Government. —Reuter.

A Mere Suggestion.

Criticising the Lytton Report, Dr. C. C. Wu said that the memoranda is merely a suggestion which the League of Nations may or may not adopt, according to messages from Nanking received here to-day. The Report, he adds, must be a blow to Japan, but he adds that it is impossible to obtain a useful hint of the desires of the people of Manchuria when they are in sight of Japanese bayonets.

One case of meningitis, fifteen cases of typhoid fever, and other diseases, were notified to the Health Authorities during the week-end.

HARVEST FESTIVAL AT ST. ANDREW'S.

Offerings To Be Given
To Institutions.

The annual Harvest Festival of St. Andrew's Church, Kowloon, will be observed on Sunday, October 9, when the preacher at both morning and evening services will be the Rev. H. A. Wittenbach, Acting Warden of the Church Missionary Society at the Union Theological College, Canton. There will also be a service for children and young people at 3 p.m.

Offerings throughout the day will go to help forward missionary work in the Diocese.

The Church will be decorated with fruits, flowers, vegetables and greenery. At the conclusion of the evening service these will be gathered together, and most of the edibles will be sent to the Victoria Home and Orphanage, while the flowers and grapes will be distributed to local hospitals.

"Congorilla"

The stark ferocity of the African jungle is vividly shown in "Congorilla," Fox's sensational Mr. and Mrs. Martin Johnson's production, positively the one and only talking picture entirely made in the African jungle.

"Congorilla" is true to life. It is proof that truth is stranger than fiction. The Martin Johnsons travelled a long way to get the picture and reappeared in civilisation after two years in the jungle, with the most authentic picture of its kind ever filmed. It is obvious, as the screen that one is in for a good wild, not circus, "brutes." The pygmies are untrained savages, and there is no make-believe or romance of the silly sort in "Congorilla." Thrilling as it is, it is entirely natural, and a true reflection of life in the bush.

Throughout the screening one hears the ear-splitting scream of the gorilla, the terrifying roar of the lion, the mighty trumpeting of the elephant and many other wild native noises of the jungle. There are the close-ups of the giant gorilla locked in mortal combat, baring his man-crushing teeth and beating his hairy chest in stark ferocity as he charges the camera. In contrast to the large apes are some interesting shots of the world's smallest race of people, the Lura pygmies, pictures of their weird songs and dances, queer music and tribal rites and their peculiar hunting expeditions, armed only with their tiny bows and arrows. There are numerous other spell-binding scenes, far too numerous to mention, and a touch of humour from the baby gorillas, and natives dancing to Broadway music.

"Congorilla" brings wildest Africa as it really is. It is a film you should see and one that you will long remember. Coming shortly to the King's Theatre.

Constable Establishes
Perfect Alibi.

Police Constable Chu Ping-ye, charged on remand before Mr. E. I. Wynne-Jones at the Central Magistracy yesterday afternoon, was discharged because he had a perfect alibi. The Constable had been accused of demanding \$5.

Mr. F. C. E. Randall, for the defence, proved that the accused was on an entirely different beat this night he was alleged to have demanded money. This was proved by departmental records.

Cricket Notes
By Athole

WE are going to hear a lot of A. P. Hall-Thomas before the season is concluded. He is undoubtedly the hard-hitting No. 4 batsman the Club has been looking for during the past three years. At the K.C.C. on Sunday he played a hurricane knock for 50 runs scored out of 78. In his innings there were no fewer than eleven boundary hits and a six. He never looked like getting out during his stay at the wicket, and his innings proved the turning point of the game in favour of the Volunteers. His dismissal proved to be a dismal anti-climax. George Lee, the K.C.C. veteran, was put on to check the scoring pace, and Hall-Thomas hit him to the boundary, but in trying to repeat the stroke he left his crease and lost his bat in attempting a big hit, and was easily stumped by Hunter. His bat almost hit J. P. Robinson, the square leg umpire. Rugby may, however, rob the Club of the services of this fine all-rounder, as he is a forward of high repute, and will be endeavouring to get his interport cap against Shanghai during the early part of the season.

I was surprised to see Lt. Comdr. Skyrme playing for the Navy second eleven on Saturday. Perhaps he thought it might be better to start the season in a lowly manner and then blossom forth to take his place in the Navy XI for the Triangular Tournament. He is a useful opening batsman, though he does not relish fast bowling. It is good to see a Navy bowler on the horizon. What I saw of Surg.-Lt. Crosswell on Saturday he looked to be a useful acquisition to the Navy team. Though his 5 for 14 against the Indian juniors cannot be considered too seriously, his right hand action is sufficient indication of the possibilities in him.

It was gratifying to see E.R.A. Hollands get in amongst the wickets at Sookunpo. He came in for a fair share of success when in Shanghai, his slow spin deliveries bringing him in a harvest of wickets. Capt. Burnett is another who met with success in Shanghai, but he went in too late against the Indians on Saturday to be of much use to his side. With the possibility of Lt. Comdr. Shaw returning to the Colony early in November the Navy should be able to field a stronger side than last year, especially if Lt. Hargreaves regains his last season's form.

THE Kowloon Cricket Club have been fortunate in finding new talent in A. T. Lay and I. McInnes, both of whom have jumped right into form at this early stage of the season. Lay is a hard-hitting batsman with an unorthodox style, who should prove to be the right man for Saturday afternoon League cricket. He is a trifle impetuous, but if he waits for the right ball to come along he should register several big scores before the season is out. He has got into the twenties once and into the thirties twice in his first three innings, which is good going considering the facilities for practice in Shamen. McInnes, on the other hand, has shown more with the ball than the bat, which is encouraging from the K.C.C. stand-point. Their attack this year appears to be deplorably weak, and Goodwin will experience many anxious moments unless bowlers strike a good patch. McInnes bowls a medium paced ball which pitches on the leg stick and comes sharply across to the off. He has already taken nine wickets this season. His batting is not as impressive to date as it was rumoured to be.

A Baker has commenced his first season with the champions in good style. On Saturday he rattled up 35 not out when going in No. 10 for the I.R.C. against the Navy, and followed this up by taking 3 wickets for 6 runs. Though not possessing such a low delivery as A. T. Noman, Baker's last year's "Varsity" skipper, he has a low action which is most disconcerting to the batsman. He is also another bowler who is the object of criticism in regard to his alleged throwing of the ball instead of bowling it. Unlike A. C. Beck, who is said to throw his fastest delivery, Baker sends down each ball in exactly the same way. It would, however, cause a mild sensation where a square leg umpire to take the ball by the horns and no-ball either of them.

H. G. Wallington got in a little practice playing for Queen's College on Saturday and scored 20 out of the 77 compiled by the nursery of local cricket. He also claimed 3 wickets for 18 runs. The Civil Service C.C., who are adopting the policy of youth before old age this season, will welcome the services of Wallington, who has now definitely given up association football.

A. D. Lowson gave a great display of plucky batting at the K.C.C. on Saturday when he scored 80 not out to give the Volunteers an unexpected victory by four wickets. He showed testiness and collected no fewer than 16 boundaries, 14 of which were sixes. He also played a brilliant, one-handed effort to catch A. T. Lay off the square leg boundary from a skier. He must have run quite fifteen yards to get his fingers to the ball.

RACING—Eleventh Extra Race Meeting

All his chances were more difficult than the one Lay dropped off Hall-Thomas before he had scored 10. Mitchell was in deadly form with the ball short on the off and time and again found the boundary with delivery square extra. His driving, muscular stroke of full swing was a real test to the batsmen. Lay, on the other hand, was in deadly form with the ball short on the off and time and again found the boundary with delivery square extra. His driving, muscular stroke of full swing was a real test to the batsmen.

HOW TED PHELPS WON HIS TITLE.
Youth Tells.

Long Beach (California).
Sculling into the lead in the last 200 metres, after he had been four lengths behind at the turn (2,000 metres), Ted Phelps, the British sculler, retained his title of world's professional champion by beating the former champion, Major Goodsell, of Australia, by one length. Goodsell led by a length at the 1,000 metres mark and by four lengths at 1,500 metres. He was 16 seconds ahead at the turn. At this point Phelps spurred brilliantly, and at the 3,000 metres mark they were dead level. Phelps sculling beautifully, and stroking 28 to the minute, then went into the lead and at 3,500 metres he led by one and a half lengths. For his victory Phelps will receive \$5,000 (about £1,000). This is the sixth time that Goodsell has won in a championship race. He held the title in 1925, 1926 and 1927. Goodsell was beaten in 1928 by H. A. Barry, whom Phelps beat by 33 lengths in 1930.

PRISON AND BIRCH FOR YOUTH.

Caught After Snatching Woman's Purse.

A WILD PURSUIT.

Three months' imprisonment and 12 strokes of the birch was the sentence passed by Mr. Wynne-Jones at the Central Magistracy this morning on a young Chinese, found guilty of snatching a hand bag belonging to Mrs. D. Mitchell, of the St. Paul's College Hostel, No. 1, Upper Albert Road.

The youth, who arrived in the Colony from Canton on the s.s. Tin Yat yesterday afternoon, snatched Mrs. Mitchell's bag from under her arm as she was walking down Ice House Street with a friend at about 7 p.m. last night. He made off with a crowd of Chinese in pursuit. A public motor car driver, hearing the cries, intercepted the thief and he dropped the bag. Eluding the first driver, he ran into Chatham Road. Another driver noticing the defendant seemed to be eluding pursuit, had his suspicions aroused and grabbed him. A crowd quickly assembled and in response to cries, a Police constable who was on duty near the Star Ferry came on the scene and arrested the culprit.

The defendant asked no questions while in Court, but denied stealing the bag when asked if he had anything to say.

CAPT. GRANT, M.C. IN ACCIDENT.

Car Struck Down Chinese Girl.

Capt. D. J. Grant, M.C., Argyll and Sutherland Highlanders, stationed at Hankow Barracks, was involved in a minor motor accident yesterday, while driving his car in the Sham Shui Po district.

Capt. Grant, in a report to the Police, stated he was driving along the Lai Chi Kok Road, and when nearing the intersection of Nam Cheung Street a Chinese girl suddenly left the sidewalk and ran across the roadway. She was knocked down by the car, sustaining slight cuts to her forehead.

The girl, Cheung Mo-lin, 10, was taken to the Kowloon Hospital in Capt. Grant's car.

Man Injured.
Another accident, of a more serious nature, occurred in Nathan Road, where a Chinese Sin Siu, 48, was knocked down by a motor lorry near the junction of Waterloo Road. The injured man was taken to the Kowloon Hospital, where his condition is reported to be serious.

DE VALERA MAY PICK HIMSELF FOR GOVERNOR.

(Continued from Page 1.)

He declined to say anything in regard to the retirement of Governor McNeill.—Reuter.

The Land Annuities.

Later.
Mr. de Valera is meeting Mr. J. H. Thomas in London to-morrow with the primary object of discussing the appointment of a new Governor-General, though the question of Land Annuities may also be discussed. It is thought in Government circles that Mr. de Valera refused to reopen negotiations with Britain until Mr. McNeill has relinquished his appointment as Governor-General. The removal of that obstacle tends to strengthen the view that a solution of an apparently insoluble problem of Land Annuities will be found.—Reuter.

Resignation Approved.

London, To-day.

His Majesty the King received Mr. James McNeill, Governor-General of the Irish Free State, at Buckingham Palace and approved of his relinquishing his office.

Mr. McNeill, who had travelled from Dublin, had a long audience and afterwards remained to luncheon with the King and Queen.

An announcement issued last evening from the office of High Commissioner of the Irish Free State on behalf of the Free State Government says: "In accordance with the advice tendered to His Majesty by the President of the Executive Council of the Irish Free State, the King has approved of Mr. James McNeill relinquishing his office of Governor-General of the Irish Free State."

According to a statement issued in Dublin, it is proposed that the duties of the Governor-General should be temporarily discharged by a Commission of three Judges, including the Chief Justice.—British Wireless Service.
